

April 20, 1964

Mr. J. E. Curry
Chief of Police

SUBJECT: Copy of Dallas Police Report
supposed to have been obtained
by Mrs. Eva Grant

Sir:

This investigator went by to talk to Mrs. Eva Grant this date at her residence, Apartment I, 3929 Rawlins.

Mrs. Grant was very talkative, although she wanted to talk about everything except the copy of the Dallas Police Report which she was supposed to have obtained. However, I was able to glean some information from the mass of conversation.

She refused to state who had obtained the report for her. She did state that she had not gotten it from a Dallas Police Officer, the FBI or the Dallas Sheriff's Office. She refused to say whether or not it had come from the District Attorney's Office. It is a strong probability that her refusal to say whether it came from the District Attorney's Office is just a smoke screen to throw me off the track - at least this was the impression I got.

She also stated that she had copied the report but had not been given a copy. She further alleges this report will help her brother, Jack Ruby, in that it will prove that two Dallas Police Officers lied on the witness stand as to what Jack Ruby had to say after he had shot Oswald. Then later in the conversation, she stated that this was going to be proved not from what was in the report but what had been left out of the report.

Mrs. Grant also stated that "I wouldn't have told Clements of the FBI about this if I had thought he was going to tell

Page 2

the Dallas Police". I tried to dissuade her from the thought that Clements had made any such report but that our information had come from rumors that we had been hearing. Later she accused the Dallas Police Department and the FBI of having a tap on her telephone and when I told her I didn't think so, she replied "How else did you know about my getting ahold of this report?"

Mrs. Grant also stated that she had about ten or twelve officers with the Dallas Police Department which were very friendly with her and had expressed sympathy with her and with the plight of her brother. She refused to name any names although she did refer frequently to a lieutenant.

Respectfully submitted,

W. M. Sawyer
Inspector of Police
